Yea, I realized that after I sent out the email and tried to download it. I can still access the website from my computer, so we can use it as a "go to" source for the most updated copies of documents. We can't make real-time edits though. If you guys are OK with receiving updated drafts via email, that is fine, I just wanted to minimize the hassle.

Thanks – and I didn't ignore the Dropbox question...I think our new security policies here have made it impossible for me to use, though...still looking into it...thanks.

Hi Tony,
Attached please find the RFI for the Social Impact Bond project that we are hoping to release on Monday (9/16). It would be great to get your thoughts/any suggested edits. Feedback from John, Christian and Jeff Liebman has been incorporated into this final draft.
Thank You!
