Subject: Hurrican Matthew Costs Tracking

Good Afternoon All,

As you continue to incur costs associated with Hurricane Matthew, please keep these costs separate from last year's October 2015 flood related expenses. If you have contracted services assisting with your flood projects, ensure they are doing the same. If you are using contracted services that were contracted during the October 2015 event, please ensure your contract allows for this and the work they are tasked with is in the contract scope of work. Amendments to contracts must be properly procured.

Procurement information has been uploaded to the Forms section on the front page of South Carolina Recovery Grants. We anticipate FEMA's Procurement Disaster Assistance Team on ground in the coming weeks to provide briefings as well. Please let us know if you have any questions in the meantime.

Thank You,
Allen Fountain
