Subject: DHEC Health Priorities - Your Input is Needed

Share your perspective on South Carolina's most significant health problems and DHEC's role in addressing them.

[View this email in your browser](#)

*SScale Down is sharing this message on behalf of
Lisa Davis, Health Services Director, DHEC.*

Good Afternoon,

The South Carolina Department of Health and Environmental Control (DHEC) is undergoing a planning process that will result in identifying key health priorities for the agency. We are entering the last phase of the data gathering process by implementing a survey to continue gathering perspectives on South Carolina's most significant health problems and DHEC's role in addressing them.

We want to hear from you! We welcome your feedback and invite you to participate by taking the survey and sharing the link (and this email) with your stakeholders and partners. Once you click the link, you will have the option of completing the survey in English or Spanish. The survey will take approximately 10 to 15 minutes to complete, and all responses are anonymous. We greatly appreciate you completing the survey by Monday, November 28, 2016.

[Click Here](#) to complete the survey.

Thank you again for taking the time to complete the survey and for helping DHEC achieve its vision of Healthy People in Healthy Communities.

To find out how you can become involved with SScale Down, please contact info@scaledown.org. To learn more about the initiative, visit Scaledown.org.
