FAN CHALLENGE! SC is behind in votes and we need more. Let's make it a goal to pass Arkansas State Parks in the count by tomorrow! WE CAN DO IT. Currently we have just over 1,000 votes. We need 1,375 to move ahead of Arkansas. Click the link below and VOTE for SC State Parks. We will receive \$1 for every vote you give us to plant trees. It's FREE for you! Rachael Ann Para Okay I voted. But I dont understand why each state gets funds for trees based on votes? who is giving theses fund?? and why do they need our e-m address?

South Carolina State Parks Rachael, Odwalla, a health food company based in California has set aside \$200,000 to give back to state parks across the country to plant trees. Each state park system gets \$1 for each vote they receive. It's just their way of dividing up the funds, and to turn it into a friendly competition. You may only vote once per email address so they ask for your email address for this purpose. They will not spam you or market to you using your email address. Thanks for your vote!
