Department of Health & Human Services  
OFFICE OF THE DIRECTOR

Dear Mr. Kerr:

We are pleased to inform you that South Carolina's amendment request to the current Section 1115 Family Planning Demonstration, project number 11-W-0057/4, has been approved. Specifically, you requested to modify the demonstration by adding four Current Procedural Terminology (CPT) codes to the list of services provided through this demonstration.

The Secretary of Health and Human Services has the discretionary authority to approve demonstrations that promote the objectives of title XIX of the Social Security Act (the Act). We believe the demonstration, as modified, is likely to promote the objectives of the South Carolina Family Planning Project. Thus, we are granting approval of your request to expand services to include the following additional CPT codes for participants in the demonstration under the authority of section 1115 of the Act:

- 1) HCPCS/CPT 58565 FP: Laparoscopy/Hysteroscopy with bilateral fallopian tube cannulation to induce occlusion by placement of permanent implants;
- 2) HCPCS/CPT 58340 FP: Catheterization and introduction of saline or contrast material for saline infusion sonohysterography (SIS) or hysterosalpingography;
- 3) HCPCS/CPT 74740 FP: Hysterosalpingography, radiological supervision and interpretation; and,
- 4) HCPCS/CPT 99244 FP: Office consultation for a new or established patient.

The enclosed Attachment B of the Special Terms and Conditions has been revised to capture the additional codes. The approval date of this letter is the effective date of this amendment through the duration of the demonstration.
