U.S. Senator Tim Scott  
2500 City Hall Ln.  
3<sup>rd</sup>. Fl. Suite  
North Charleston, SC 29404

Dear Senator Scott,

We want to join so many South Carolinians and Americans who congratulate you on your election to the United States Senate. It is an historic day in the history of our country. We are so proud of you and the people of South Carolina.

We lived on James Island in Charleston for 11 years and had the good fortune of meeting you years ago outside your insurance office at Sam Rittenburg where my wife had a doctor. Of course, we followed your career and your successful elections to the council, Congress and now the Senate – none of which was easy, but your smile and warmth are honest. You are a role model for every young man I know.

You will be a great Senator – and in the tradition of South Carolina, hope you serve many terms. The country will be richer and all the people of South Carolina will be better for your hard work and love. And we also congratulate Governor Haley for her wisdom in appointing you two years ago – a profile in courage.

Regretfully in our declining years we had to move to Seattle into an assisted living facility, and to be near our sons. We miss Charleston daily and the many friends we still have there.

Our good wishes and prayers for you as you begin another journey. (In interests of full disclosure, we are life-long Democrats, but are so fortunate to have recognized you as an extraordinary talent.)

Sincerely,

*Pat + Walter Shea*

Patricia and Walter Shea  
cc. Gov. Nikki Haley

*Congratulations on your re-election, Governor Haley.*
