Subject: congrats to our governor

I tell everyone in our town that our Governor is the true meaning of the 'peoples governor', and Bluffton couldn't be more proud of her next stage in her political life... we will miss her, but know she will continue to support our town and our state....

Please pass along our congratulations..

Ps: ask her to leave our favorite 'signer' Jason Hurdich in SC... he too is a gift to our state...

Happy Thanksgiving...

Lisa Sulka
