This matter was handled. I spoke with Mr. Barton earlier this week and provided him with the requested information. If you have additional questions, please let me know.

Thanks!
Rhonda

Sid:

Our group of 20 electric cooperatives are interested in purchasing fleet vehicle tags for their vehicles. Presently, each cooperative handles the registration and licensing of each of their vehicles. Is there a procedure whereby all vehicles owned by electric cooperatives could be pooled into a vehicle fleet; or, is this better done on an individual cooperative basis? Any assistance you can offer would be greatly appreciated.
Many thanks for your help.

Henry
