Subject:

Marcia,

This is nice work. I think the data you added really enhances the proposals.

Please let me know if there is anything else you'd like me to do.

Sean

Subject: procurement report

Chad and Sean,
Attached is my version of the procurement report. I have tried to add statistics and data where available. I haven't been able to expand the cost savings. Chad, I will ask for your opinion at tomorrow's meeting. I have not quite finished all of the report yet, as I still need to add just a few points about the State Engineer's Office. I will work on that tonight. I just wanted you to be able to get a preview of the report and let me know what you think.

Marcia
