Mr. Irvin,

Thank you for taking the time to meet. The sooner we can solidify these programs, the sooner I can get to work on building the partnerships with our companies and the school. We are so thankful for your willingness to serve. I look forward to our continued partnership towards rebuilding SC State Univ to the institution we all know it can be. Please give my regards to your son! I look forward to visiting his studio again when I am in the area.

My very best,  
Nikki

> It was a pleasure meeting you this past Friday and I am excited by your pro-active willingness to help SC State Engineering Majors get internships and scholarships with key employers in the State. Enrollment and Financial Accountability have been key priorities for the Board. Connectivity with the business community is a great selling point.
