Hi Rob and team! Thanks for your background materials. I will incorporate the highlights of the Gov's record into Mr. McNerney's remarks.

I wanted to share two updates – 1) In addition to Gov. Haley and Gov. Nixon, Mayor Ashley Swearngin (R-Fresno, California) will join the panel. Commerce will send you all the bios under separate cover if you haven't already received. 2) Gov. Nixon's office sent me a note highlighting that he will talk about STEM education; Apprenticeships; Export Promotion in his remarks. Mayor Swearngin will speak to economic development, innovation, and manufacturing.

Let me know if there is anything that you need in advance of next week. Looking forward to welcoming your team to DC next week.

Best, greta
