40: Gov. Nikki Haley,

I have a problem and was told you could help me. My name is Rebecca Soper, 62, born in Kentucky and a housewife of 20 years. My husband and I moved to North Myrtle Beach from Florida to retire and have lived here for six years.

My problem is I can not get a South Carolina ID from the DMV. My Florida ID has expired and my social security card is still in my maiden name. DMV has informed me they will not issue me an South Carolina ID until I have my SS# card changed to my married name "SOPER". I then went to the social security office and they informed me that they will not help me without a picture ID. I have my birth certificate and my marriage license, NO picture ID.

My husband is on medical care and I need my ID so I can look for work and take care of my husband. I have tried all I know of to resolve this, please help me.

GOD Bless
Rebecca Soper
