Quote from Haley press secretary Chaney Adams, "This is a perfect example of everything wrong with our roads system and why it so desperately needs reform - the wishes of politicians are more important than the safety of our citizens. Under no circumstances should this money be spent on any projects other than those prioritized by the Department of Transportation. Period."

Hey Chaney,

I've attached the letter below. I want to get the governor's reaction on if she thinks the projects proposal is appropriate. I plan to include comments from GOP Party chairman Matt Moore saying this is a bad way to spend taxpayer dollars, adding the list/Clyburn shows zero consideration for SCDOT priority projects.

Thanks,
