Have you ever seen an artesian well? Have you wondered how it works, or where all of that water is coming from and going? Tune in and listen to Ranger James from Aiken State Park as he breaks it down and explains the process.

Kandace Cave Awesome job Ranger James!

Angie Able Martin My husband Roger Martin and I love our local Aiken State Park. It's our favorite go to park for short getaway camping trips and we enjoy the trails with our dog. Kayaking the Edisto is an awesome little river run. As often as we do it, it always is a wonderful experience. Always discovering something new and different with each trip. Truly a hidden gem 💎💕

The water from that artesian well is so refreshing 🌊

Suzanne Kennedy This is so interesting to me. My Keel family lived on Flowing Well Rd. Years ago not far from Aiken State Park. Last time I was at Aiken State Park there was someone filling up water bottles. Thanks
