Every year the Palmetto Pregnancy Center has a spring fundraising banquet for about 600 people where we communicate accomplishments, future goals and needs of the center. This year our banquet will be held on Thursday, May 5th at First Baptist Church, 481 Hood Center Drive in Rock Hill.

PPC has served approximately 30,500 clients since opening our doors in 1984. Our goal is to empower women and men in our community to raise responsible children, strengthen their family structure and inspire in them an increased sense of self-worth to become valuable assets in our community.

I believe that this ministry is on the cutting edge of effectiveness in reducing the number of abortions in York County. Since equipping all three of our centers with ultrasound technology, the number of babies saved from abortion has increased from an average of 15 a year to over sixty. In 2015 that number rose dramatically to 89 babies saved!

With all of the recent media coverage on the practices of Planned Parenthood, the issue of abortion has more attention in the general public the past few months. Knowing the conservative values of Governor Nikki Haley and her position on the sanctity of life, I would love to have her attend our annual banquet to support our vision of assisting women and families to choose life and have hope for the future.

Would you please help me by contacting Governor Haley and extending an invitation to participate in our Fundraising Banquet on May 5th? Thank you in advance for your thoughtful consideration.

Sincerely,

Becky Donovan
