Subject: NPR Interview Request

---

Hi Chaney –

I'm reaching out from National Public Radio's *Morning Edition*. We're interested in setting up a short interview with Governor Haley following her State of the Union response.

The interview would be pre-recorded, edited, and give her a chance to talk about her views to an audience of more than 13 million listeners across the country. It would take no more than 10 minutes.

Since our show airs at 5AM, we'd be looking to prerecord this at 415AM ET on Wednesday. Alternatively, we could do this live at 6 or 630AM ET. Please let me know if you think this is possible.

Thanks very much –

Best,

Alyssa
