Subject: City with historical ties to Columbia, SC brings flood relief aid Tues Oct 13 2:00pm

Attachments: [October 8 press release Columbia MS for Columbia SC relief.pdf](#)

---

To the attention of Chaney Adams,

We cordially invite Governor Haley and/or her designees to join us in welcoming Columbia, Mississippi to Columbia, South Carolina. They will arrive on Tuesday, October 13 at 2:00 pm at the Charles R. Drew Wellness Center, to deliver goods they are collecting in this weekend's flood relief effort. This efforts is targeted to assisting the Columbia area hospitals. Staff from Providence Hospitals, Palmetto Health Hospitals, the VA Hospital and Moncrief Hospital will be present to receive the donations.

The contingent will also bring 'Stars of Hope', part of an initiative to support disaster survival empowerment and recovery through the arts.

Columbia, MS and Columbia, SC have historical ties:

According to the Lamar County Mississippi Genealogy and History Network, Columbia, Mississippi, located in Marion County, was named for Columbia, South Carolina, the city from which many of its early settlers had migrated. It changed its original name from Lott's Bluff when it incorporated to Columbia on January, 1819, "in memory of a district and town back in South Carolina".

Please review the links and attached press release, and contact me for more information.

Best,

Catherine Fleming Bruce
