

Dear Governor Haley:

I have always been a huge Republican supporter and was able to vote for the first time in my primary a few weeks ago. It was because of looking up to people like you that I led me into politics In the first place! Please keep up the good work, and if it isn't too much trouble, do you mind signing the attached image? Please keep inspiring millions of people!

Thank you so much,

*you're Amazing!*
