Subject: Fw: Sobering Report Warns This Could Kill One Person Every 3 Seconds

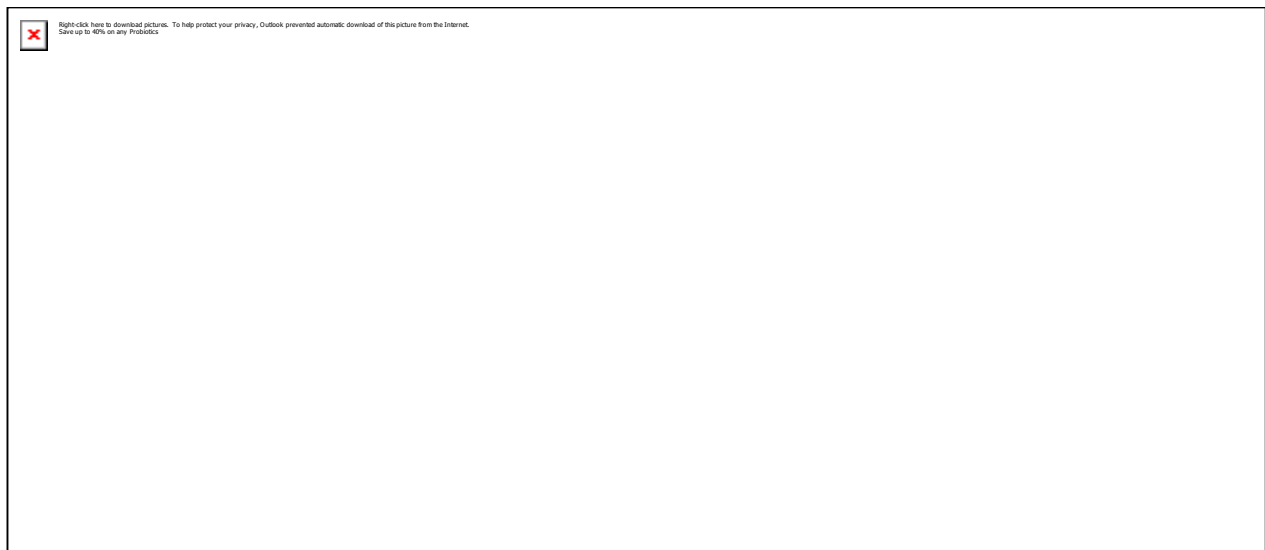

fm Ellin Baskin Toxic insecticides which are banned in Europe are NOT the answer to be rid of diseases fm mosquitos!! Getting rrid of standing water with wood chips and other compost are solutions which also eliminate flooding, hold ground water, lower soil and air temperature and create mineral and nutrient dense TOP soil thru microbes esp fungi. Bat and bird houses are essential as part of a healthy eco-system as God intended BALANCE is the KEY! 7943147
The chemicals are endangering the BRAINS and bodies of the unborn, and children and adults!! Please protect our children from toxic incecicides, herbacides, vaccines, and toxic GMO food!!! In Christ, Ellin Baskin

Sobering Report Warns This Could Kill One Person Every 3 Seconds

It's the largest, most thorough review of the problem to date and the findings aren't pretty: by 2050, this growing problem will claim the lives of 10 million people each year, more than those currently dying from cancer.

No Evidence for Fluoridated Water to Result in Less Cavities

Drinking fluoridated water may not be effective in reducing rates of tooth decay yet is associated with learning and behavioral problems, lowered IQ and more. If it's ineffective and unsafe, why is it still added to the majority of Americans' drinking water?

Battered Bees and the Threat to Our Food

Bees are involved in the production of 1 out of every 3 bites of food, but their existence is being threatened by pesticides and other stressors. New research shows combined stressors may be particularly lethal to queen bees necessary for hives' survival.
