New life! Watch as these baby sea turtles make their way out of their nest and to the ocean at Hunting Island State Park! www.southcarolinaparks.com/hunting-island

ABC News

Visitors to Hunting Island watched in awe as about 100 baby sea turtles hatched on the beach, finding their footing and running along the sand. <https://abcn.ws/2Kb1Lcb>

Duvy Rockholt Some years ago while on a hatch watch, one little guy kept going around in circles. On closer observation I saw that he had a malformed flipper so I broke the rules, picked him up and put him in the surf for at least a chance for survival.

Jeremy Glass Roger William Burrows I was the lucky guy who took the video. I can tell you we had plenty of volunteers available to keep both birds and ghost crabs away. Every baby that emerged (around 100) made it to the ocean, with no assistance!
