Subject: You can take action to fight Alzheimer's disease.

The Alzheimer's disease crisis isn't looming — it's here.

The Alzheimer's Association Advocacy Forum is the nation's premier Alzheimer's public policy event, with people from across the country gathering in Washington, D.C., to engage Congress in the fight against the disease.

The Forum is three days of learning, networking and taking action on behalf of individuals touched by Alzheimer's disease. Passionate advocates compel elected officials to increase federal research funding and support families impacted by this devastating disease.

Join us as we urge Congress to do its part to overcome the Alzheimer's crisis.

Register for the 2015 Advocacy Forum today at alz.org/forum.
