**Subject:** Transportation Question

I received the question below in regards to my RFP. On **Monday, February 10, 2014**, I have my Offeror's Conference and I have to give responses out to the questions submitted. I am not sure how to answer this question which I feel is a valid, good question. I really need some technical assistance. I would appreciate a response back by Friday afternoon so that I am ready Monday morning for the Offeror's Conference. Thank you!

1. Is the mapping of the home address of the client to the point of definition rounded to the nearest whole mile? If less than one mile can it be rounded to one mile like Medicaid and other transportation services.
