To whom it may Concern,

My name is Mark Keniston and I am a 41 Year old male who is disabled and unable to work. I receive SSI and i also Get Medicare. I moved from West Palm Beach Fl to Inman Sc about 7 months ago. When i lived in florida i had to have all my top teeth taken out and i also had like 6 teeth removed from my bottom right side and I had top dentures Made at no cost threw medicade. Now after haveing all my teeth pulled at top they say you have to wait a while then the dentures have to be realined as medicade should cover the adjustment which can not be done cause in this state it does not cover it..so thats one problem as i cant wear my dentures and have not been able to for over 4 months now..Also i had a pain on my left side bottom tooth one day and called the dentist here as i went in and had some x-rays done they noticed that i have 2 Wisdom teeth Under my gums
Bottoms/so i was set up to go see an oral surgen as the DR told me whats going on...On my left side i have a bad tooth under that there is a sist and under that is a wiston tooth and also was told that my jaw bone is really weak and that id need to have some bone repair done...On my right side bottom i have a wisdom tooth that has already busted threw my gums and has been infected many times as i take meds for that but it keeps getting worse.. The pain in my Hole Mouth is so bad that days i cant even stand to eat. I want to know why i can not have this work done using my medicade? Everytime i call to find out why i never get a straight answer. I have been told medicade will cover to have teeth removed then i have been told medicade will not cover out patient care at a hospitol since this work can not be done in the office. How can someone afford to get anything like this done Only getting \$667.00 a month and haveing to pay liveing costs exe? I have been told "o call the news center" "or call the News Paper" But then someone told me write to Governor Mark Sanford as i hope he will get to see this letter. Im hopeing that someone can help me as i do not know what to do from here. Im
