Integration and Challenge South Carolina Christian Conservatives and the GOP in 2016 OPS.docx

Dr. Varat:

Here's the list of 900 or so churches we snagged from a certain presidential campaign. (I thought all along it was Ted Cruz, but turns out it was Rick Perry.)

It doesn't have all the contact information, but has websites and some notes that appear to have been added by some field operations folks.

If this is too much, Erik can go back in and flag some of the bigger churches. But those may be obvious.

Take care.

PS: I have attached for your information a paper I've been working on with Jim Guth at Furman. It may bring back memories of the bad ole days in the SC GOP.

These are the best I have. We could send him the video when it's finished, as well.
