OMG so so bad! The new SC Parks reservation system is REALLY bad! You do not have an account you can log into NOR can you get an availability notification if you want to camp and your campsite is full...no waiting list in other words. RESERVE AMERICA was so much better. Too bad they went backwards in efforts to have a better system :(so so sad!

Bobbie Green Almaguer Came here to see if anyone else is having the same issues since the system was "improved." My husband is super unhappy with it, and we absolutely love camping in our state parks.
