Dear Honorable Governor Haley,

IF you have been reading my letters, this letter will make sense. Please review the older letters if you need to.

I texted Harold Paul Cheeks a few months ago, and asked him to either give me the black box, back or surrender it to the Federal Government.

The people that gave me the box back in the spring of 1979 at Ginnie Springs, said the box would function to my prayers. It was authorized for me to be the only one to be able to travel with it. I was tricked by Paul Cheeks to authorize him to be able to use it. So as I remembered about that, I recently prayed aloud to unauthorize Cheeks to be able to go anywhere with the box.

I'm not sure if the prayer has to be spoken when the box is present with me. It may ~~as~~ function as some kind of transmitter.

Do what you can to recover the box.
With it, I can travel back in time and bring people back to present time that were about to die. Consider bringing George Washington, or JFK back into today!

It's risky. I may be apprehended into the past and have the box taken away from me. So because it's so risky, I would not want to go get somebody's Parents that died or people that are not important to the U.S.A. The box was mine, and Harold Paul Checks stole it from my camp using a pistol.

I authorized him for time-travel back in 1979. Since then he may have traveled back to horse-races or other gambling events, where he knew the outcome. Check for radio-activity around famous horse racing places or stadiums of long ago. The box may leave a radio-active signature wherever it got used.

I don't want the box for myself. I don't want Checks to have it. I want only the Federal Government to have it.

I am 57 years old and may only live another 20 years. That's why the Government must have the box.

As a victim of the date-rape drug, my short-term memory is sometimes poor.

The drugs caused me to leave a \$420.00 leaf blower at an unknown job-site and drive away.

The blower was lost, and reported stolen — missing, Co worker Teresa Springfield at the Northgate Sock Shop, said she had bought a used blower at the same time my blower was taken. I asked her who she bought it from, and she said, "I can't say who."

I advised her that my blower was stolen, and there was a Yahweh Elohim Death Sentence Curse prayed down against whoever had my blower in accordance with Genesis (12:3).

She chuckled and walked away. Teresa Springfield died 2 days later. Her brother who is some kind of cop or something may have my blower now. I called ECHO corp. and got the serial numbers of my missing blower.

As leaves began to fall and there was work coming, I worked out a deal with a friend to buy me a blower and have me work off the cost of the blower by working for him.

The point of the blower story, is to let you know Yahweh listens to my prayers and does what he promises ~~for me~~ in the Bible, and what I ask. Mark (11:24). My animas are dealt with by him, and not me.

This thing about being swindled out of money by the Christophillis' with the date rape drug, came to an ultimatum. I told you about it, and I never got paid back by my sister that swindled me.

As I became broke on cash, and had mechanical failures, I got mad, and prayed down a curse on my sister to have kidney disease if she did not pay me back.

These curses sometimes take time to go into effect. The last kidney curse I did on an enemy, took 10 years to come true and happen.

Yahweh sometimes delays punishment and ponders a verdict on my enemies. Other times it happens right away. I no longer have to fight in the flesh.

Thank you for getting Hwy 34, from I-26 to
Winnsboro re-surfaced. That's the route I use
to Joe Vaughn's mother's land to hunt deer on.
I got a 10-point buck there on Nov. 5th at 9:06
a.m.! There is meat in my chest freezer for winter.

If you could talk to x-president Jimmy Carter
about the Ginnie Springs time travel event. Please do
so, before he dies of old age.

I am in an unhappy marriage with a wife
and stepdaughter that are un-employed for the duration
of the entire marriage, (6-years).

I must work all the time to support them.
It's not fair, as the Federal Government only
wants me to work 4 hrs./day., as I draw S.S.#.

So I don't have the time or money to
recover the time-travel box, or try to find Yehskuah
and get him to Israel.

I hope he has somehow already made it there
to Jerusalem.

I was ordered to swallow a pill back in 1979
that caused me to forget until just recently in 2016.

There are some things I know about Obama
that I will tell you after he is out. I am
scared to say what I know, now. I will tell Trump
after he is in. Sincerely, American Thomas Miller "Capt. T.M."
