Katherine: I know how very busy the Governor is, but what is the possibility her doing a ceremonial bill signing on the fossil bill? Olivia was so much looking forward to that. Thanks.

Thank you both for all of your work on this. We were so happy to hear that the bill is officially law. Olivia is very excited about coming to a ceremonial signing and can't wait to meet the Governor. I hope that she will still do that for Olivia as they said they would. She will be so upset. Thanks again and keep me posted.
