Subject: a visit to the United Nations... in Chesnee

Good morning,

Chesnee Middle School is home to one of the very few Model United Nations (MUN) programs in the state and ever since news that Governor Haley had been selected as ambassador to the UN broke, excitement for the program has only grown.

The MUN program helps middle school students learn skills such as public speaking, critical thinking, collaboration, integrity, perseverance, interpersonal skills and work ethic. Most importantly, it sheds a new light on the world illustrating a global perspective on many issues that impact the world. Students begin to think outside of just their community and their state.

It would be such an incredible experience for these young diplomats to get to meet and maybe even debate their fellow South Carolinian and future UN Ambassador Nikki Haley so I am extending an open invitation for her to come to CMS before she makes her way to New York.

Also, the MUN group will be visiting the United Nations from March 29-April 2, 2017 to participate in a mock debate with students from across the country. They would love to get to visit Gov. Haley during that time if possible.

Thank you so much for your consideration and I hope to hear back from you.

Adrian Acosta
