Hi Katharine;

I need to breathe today, review and see if I now have any questions. I have emailed Sen Lourie and Greg Ryberg that it is now successfully resolved and I am enrolled.

But I do want to give you the head's up to avoid any further unpleasantness.....Folks outside of the sate of SC are not getting word about this. My friend's in italy don't get the State paper so I have emailed them and they are looking into it. My friend in Missouri has not heard about it either. Can not the SC Department of Revenue send out letters to let people outside of SC know? This isa right old mess and I am sure the Governor does not want this to result in more and more folks coming out and say they have not been told.....

Thank you, again, Katharine.

Warm regards,

Martha-Elizabeth
