Subject: Voting Republican?

Gov. Haley,

You say you can't imagine a scenario where you wouldn't sign the abortion ban after 20 weeks. Really?

Well, thanks to Republican who LIE REPEATEDLY about their motives for passing laws based on NO SCIENTIFIC EVIDENCE AT ALL, I can't imagine a scenario where I will EVER vote Republican again.

FYI, I'm white, well-educated, employed full-time, female, and almost 70 years old. You are on the wrong side of history, science, and the truth. You say you are a Christian? Frankly, I don't believe it. You lie too much to believe in anything but your own path to and grip on earthly power. Good luck with that.
