Spoke in caucus today about this. Did not get any opposition voiced in the caucus to sustaining veto.
I am in the DOA Conference Committee at this time.

There were a total of 40 "nay" votes for H 4497 " HPV bill. **We hope we have your support in sustaining the governor's veto.**

Please let me know if you need anything.

Thank you,
Katherine

- Creates a cervical cancer (HPV) vaccination and education program at DHEC
- Not a true obligation; the agency may do everything
- DHEC is not currently prohibited from doing anything described in the bill
- Program is suspended until state and federal appropriations are provided for vaccines, publications
- **On the one hand, H.4497 is superfluous. On the other hand, it's a precursor to another taxpayer-funded healthcare mandate.**
