Street Address: 813 Williams Street
Street Address 2:
City: Lake City
State: SC
Zip: 29560
Phone: 8435989094

Email: mlangley@nesasc.org

Affiliation: Constituent

Message:

If cameras can be installed on police cars and to catch speeders, why can't they be installed at intersections where litter is a problem? I drive to Francis Marion University from Lake City to work and it really disgusts me to see the litter by the roadside. Have we no pride in our State? What industry would want to move here when our workforce is too lazy to pick up their trash.
