National Volunteer Week
2014
April 6-12

During National Volunteer Week, we'd like to say thank you for volunteering to help create the kind of community we all want, with the kind of opportunities we all need. By sharing your time and talent in the service of others, you're helping accomplish our goals in education, income and health and building a stronger foundation for collective success.

Because people like you are getting involved in solutions, we're making progress, and we're headed in the right direction, but there is more to do.

There is something for everyone with passion and commitment to get things

done. Discover new volunteer opportunities
and motivate others to follow your lead.
