RE: Trevor Jenkins
DOB: 12/14/2009

To Whom it May Concern:

I had sent a prescription on over to your office to change this young baby on over to an allimental formula. His mother is at least telling me that someone there said they would not fax my office the proper form to fill out and she then had to bring it back to me. If that be true, I was wondering if that could be explained of why one would possibly not fax a form, and not provide a baby with the correct formula.

I appreciate your attention to this matter, as I consider this inappropriate.

Respectfully yours,

Jeffrey J. Kline, MD

Dear Dr. Kline:

I am responding, on behalf of Director Forkner, to your letter dated December 2, 2010 regarding an alimental formula for Trevor Jenkins. I appreciate your advocacy on behalf of your patients and have forwarded your letter to Dr. Lisa Waddell, Deputy Commissioner for Health Services at the Department of Health and Environmental Control (DHEC). DHEC oversees the WIC program for our state and I am confident that Dr. Waddell would want to know of your concerns regarding the management of the program.

Thank you for caring and advocating for South Carolina's children.

Sincerely,

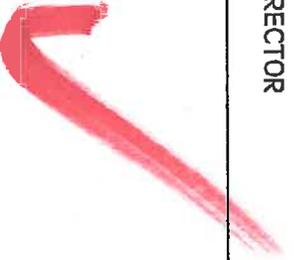

Felicity Myers, Ph.D.
Deputy Director, Medical Services
