Friends,

This is not politically correct, but being a dog lover and hunter the following shows what happens in the real world.

### **A Real B B B B B Bad Ass**

A couple from Montana were out riding, he with his rifle and she (fortunately) with her camera.

Their dogs always followed them, but on this occasion a Mountain Lion decided that he wanted to stalk the dogs (you'll see the dogs in the background watching).

Very, bad decision on the part of the lion.

The hunter got off the mule with his rifle and decided to shoot in the air

to scare away the lion, but before he could get off a shot the lion charged in and decided he wanted a piece of those dogs.

With that, the mule took off and decided he wanted a piece of that lion.

That's when all hell broke loose for the lion.

As the lion approached the dogs, the mule snatched him up by the tail

and started whirling him around.... banging its head on the ground on every pass.

Then he dropped it, stomped on it and held it to the ground by the throat.

The mule then got down on his knees and bit the thing all over a couple of dozen times to make sure it was dead, then whipped it into the air again, walked back over to the couple (who were stunned in silence) and stood there ready to continue his ride as if nothing had just happened.

**Fortunately, even though the hunter didn't get off a shot, his wife got the pictures.**

**The cat was still alive here and trying to fight back.**

**The mule stomped the cat, then pinned it to the ground, and bit the heck out of the dead cat several more times.**

**The cat was pretty much dead by now but now the mule picked up the cat again, whipped it into the air again, and then stomped the dead cat again for good measure.**

**Note the dog audience.  
Does give new meaning to the phrase, "bad ass."**
