70A	A01	Senate (Legislative Department)	<p>IA: Conference Report is identical to Governor's budget, except for the addition of a distinct \$50k line for the Joint Citizens and Legislative Committee on Children. JCLCC already gets a \$250k carve-out under P89.102.</p> <p>IB: All legislative provisos appear in a single section, so they're all addressed here. All the other changes are fine, but there are two new provisos to discuss. P70.29 creates a Teacher Salary Study Committee of just Senators and Representatives...no cost, but likely no impact either. P70.32 directs EOC to commission an efficiency review of 3 school districts - this is tied to \$300k in Section 90.</p>	<p>IA: VETO \$50k for Joint Citizens and Legislative Committee on Children.</p> <p>IB: Need more information on P70.32 (EOC Efficiency Review), but Sign, otherwise.</p> <p>Governor's budget made no recommendations regarding legislative provisos. New P70.29 (Teacher Salary Study Committee) carries no cost, so it's probably OK. New P70.32 (EOC Efficiency Review) is tied to \$300k in Section 90. Sign, otherwise.</p> <p>CRF: None.</p> <p>\$90: None.</p>	<p>(IA) VETO \$50k for Joint Citizens and Legislative Committee on Children (I. Special Item).</p> <p>Otherwise, SIGN.</p>
70B	A05	House of Representatives (Legislative Department)	<p>IA: The House gave itself an additional \$2.5M for "Administration-Other Operating Expenses" (from \$8M up to \$10.5M). They claim this is for a new voting board and other technology upgrade, but the new funds are recurring...not one-time funds. Other lines are as they were in the Governor's budget. Staff consensus is to refrain from vetoing on separation of powers grounds, but to call attention to this.</p> <p>IB: See Section 70A / A01 (The Senate).</p>	<p>IA: Sign.</p> <p>IB: See Section 70A / A01 (The Senate).</p> <p>CRF: None.</p> <p>\$90: None.</p>	<p>SIGN.</p>
70C	A15	Codification of Laws (Legislative Department)	<p>IA: Conference Report is \$350k above the Governor's budget, across two lines: \$262,500 for "Administration-Personal Service" and \$87,500 for "Employer Contributions". There's no viable way to get at the contribution increase, but you can strike the Code Commissioner's salary at \$139,377 to cut the personal service growth in half. Staff consensus is not to do this - separation of powers. The Conference Report represents 11.9% growth over your budget.</p> <p>IB: See Section 70A / A01 (The Senate).</p>	<p>IA: Sign.</p> <p>IB: See Section 70A / A01 (The Senate).</p> <p>CRF: None.</p> <p>\$90: None.</p>	<p>SIGN.</p>
70D	A17	Legislative Printing, Information Technology (Legislative Department)	<p>IA: Conference Report is same as Governor's budget, except for an additional \$2.28M for Administration-Other Operating Expenses. This is a 75.7% increase vs. the Governor's budget (not a typo). Options are again limited - you can veto the Director at \$110k, the staff line at \$1.4M, and/or the temporary staff at \$80k.</p> <p>IB: See Section 70A / A01 (The Senate).</p>	<p>IA: VETO \$1,404,494 for Administration-Unclassified.</p> <p>This doesn't fully recover the increase, but it makes the point while minimizing vetoes of legislative lines (which will be tough to sustain). This leaves LPITS with a 29.1% increase.</p> <p>IB: See Section 70A / A01 (The Senate).</p> <p>CRF: None.</p> <p>\$90: None.</p>	<p>SIGN.</p>
70E	A20	Legislative Audit Council (Legislative Department)	<p>IA: Conference Report adds \$125k across three lines: \$25k for Employer Contributions (inaccessible), plus \$5k for Administration-Other Operating Expenses and \$95k for Unclassified staff. The first two additions are fairly defensible. Your only real options to respond to the \$95k increase would be to veto the Director (\$94,730) or the \$1,225 line for Other Personal Services.</p> <p>IB: See Section 70A / A01 (The Senate).</p>	<p>IA: Sign.</p> <p>IB: See Section 70A / A01 (The Senate).</p> <p>CRF: None.</p> <p>\$90: VETO \$15k for Peer Review Audit, SIGN \$45k for Information Technology Upgrade.</p> <p>They got \$125k of new money in IA and can use that for audit. §	Dept	Dept Name	Discussion	Recommendations	Decisions
70F	A85	Education Oversight Committee	IA: Conference Report follows Governor's request, except for a new \$200k line for Other Operating Expenses. Otherwise, EOC is not in the General Fund - veto to avoid this foothold. IB: See Section 70A / A01 (The Senate).	IA: VETO \$200k for Other Operating Expenses. IB: See Section 70A / A01 (The Senate). CRF: None. §90: SIGN \$300k for School District Efficiency Pilot Program (per P70.32).	(IA) VETO \$200k for Other Operating Expenses. (IB) VETO P70.32 (EOC Efficiency Review). 44	B04	Judicial Department	IA: \$3.57M above your \$39.9M request, although this doesn't reflect the full phased-in cost of the new judges. \$1.5M of the new money is for IT-Other Operating Expenses...you recommended \$1.5M NR from the Capital Reserve Fund (CRF) for this purpose. IB: Governor did not recommend changes to judicial provisos. There is one deletion, which is fine.	IA: VETO \$1.5M for Information Technology-Other Operating Expenses. Sounds like you have to sign-off on the judges now, but can this be vetoed? Since the veto on the IT fees was recently overridden, she can now increase e-filing fees to generate money for at least some IT projects. IB: Sign. CRF: None. §90: None.	(IA) VETO \$1.5M for Information Technology-Other Operating Expenses (C. Information Technology). Otherwise, SIGN.
71	C05	Administrative Law Court	IA: Conference Report is \$58k above Governor for Employer Contributions and \$128k higher for Unclassified Positions. The only available option is to veto the Chief Judge at \$117k - not viable. IB: New P71.3 (ALJ Travel) would grant \$35/day subsistence, up to \$8,000/year. Swati is OK with the proviso.	IA: Sign. IB: DISCUSS veto for new P71.3 (ALJ Travel). Staff is OK with P71.3. CRF: None. §90: SIGN \$6,900 for Staff Attorney / Hearing Officer / Business Associate Equipment.	SIGN.
72A	D05	Executive Control of State (Gov's Ofc)	IA: As recommended by Governor. IB: See Section 72B / D05 (OEPP).	IA: Sign. IB: See Section 72B / D05 (OEPP). CRF: None. §90: None.	SIGN.
48	D10	State Law Enforcement Division (Gov's Ofc)	IA: Conference Report is about \$4M above the Governor's request. About \$1.2M of this is for Enforcement and Investigation, plus \$74k for Forensic Services, \$426k for the Data Center, \$1.2M for Regulatory (of which \$1M is on a standalone Special Item line for Meth Lab Clean Up), \$100k for Homeland Security Operations, \$133k for Special Operations, and about \$700k for Employer Contributions. All told, this is a 39.7% increase over the current year. The \$1M for Meth Lab Clean Up would be the only clean veto. For the others, you would generally have to veto other smaller, related lines to try and bring down the growth rate. IB: New P48.19 (Criminal Record Search Fees) proviso allows for a reduced background check fee for certain types of volunteers. It's somewhat harmless, but SLED likely objects.	IA: DISCUSS overall approach for SLED. IB: Sign. CRF: None. §90: VETO \$1.7M Personal Service and Operating, \$150k Law Enforcement Operating, and SIGN \$1.1M Forensic Equipment, \$4.8M CJIS/IT Equipment, \$840k Vehicles, and \$139k Computer Equipment. We need to know whether they're really for "Operating" expenses, or if they're just mischaracterized here.	HOLD for further information on §90 lines for \$1.7M "Personal Service and Operating" and \$150k for "Law Enforcement Operating." SLED won't be closed-out until tomorrow.
72B	D17	Office of Executive Policy & Programs (Gov's Ofc)	IA: Couple of very minor tweaks. IB: Minor tweaks to some internal transfers within OEPP. New P72.20 (Use of Funds Report) requires disclosure of transfers among Governor's Office and satellite agencies.	IA: Sign. IB: Sign. CRF: None. §90: None.	SIGN.

73	E04	Lieutenant Governor's Office	IA: Conference Report is \$190k above Gov on Administration-Unclassified Positions, but half of this is an offset where we raised another line and they didn't (goes back to fixing the security issue from a couple years ago, where they accidentally vetoed unrelated staff). Conference Report is \$1.8M above your \$1.67M request for Home and Community Based Services (Meals on Wheels) and \$132k above your \$990k request for the Office on Aging's work (difference is grants to local aging programs). Employer Contributions are also \$120k higher. Net increase is 55.3% over your request. Because of the way the increases are spread out (and largely though Special Items), there is no viable path to veto to a more reasonable growth rate. You could veto the Lt. Governor's \$46k salary to cut down on the Admin-Unclassified increase. IB: As recommended by Governor.	<u>IA: Sign.</u> Could make an argument for vetoing the Lt. Gov's salary at \$46,545. <u>IB: Sign.</u> <u>CRF: None.</u> <u>\$90: None.</u>	SIGN.
74	E08	Secretary of State	IA: Conference Report is \$238k above the Governor's request. About \$170k is in Classified Positions, with the rest in Employer Contributions. The change made to P74.1 effectively gives them an additional \$60k. Only available option would be to veto the Secretary's salary at \$92k. IB: Conference Report's amendment to P74.1 (UCC Filing Fees) allows the Secretary of State's office to retain an additional \$60k of UCC fees in order to run the program (from \$120k to \$180k). A veto of this proviso would be exceedingly difficult to sustain, so any cuts to this office will have to happen elsewhere.	<u>IA: Sign.</u> <u>IB: Sign.</u> <u>CRF: None.</u> <u>\$90: VETO \$500k for IT Upgrade.</u> We only supported half of the \$500k as a one-time item in the first place - and bear in mind that they have \$298k of new money now (between IA and IB). 45	E20	Attorney General's Office	<p>IA: New \$3M NR line for Savannah River litigation, which under the new P45.9 lapses to the General Fund, if not used. Conference Report is \$756k above Executive Budget for "State Litigation" due to 12 new attorney and investigator positions. Gov and AG should probably discuss directly. Several options to veto less than the full amount of new "State Litigation" spending, if desired.</p> <p>IB: New P45.9 (Savannah River Maritime Commission Funds) is frustrating, but not a serious veto candidate.</p>	<p><u>IA: HOLD pending Gov/AG conversation.</u></p> <p><u>IB: Sign.</u></p> <p><u>CRF: None.</u></p> <p><u>\$90: VETO \$500k Operating Expenses, SIGN \$500k IT Upgrade.</u></p>	SIGN.

80B	F27	Budget and Control Board - State Auditor's Office	IA: Conference Report is slightly below your proposal - they didn't fund the actual State Auditor slot like you did, but included an Auditor III. IB: The 80B (State Auditor) proviso section is new. The two provisos appear to be fine. 80C	F30	Budget and Control Board - Employee Benefits	IA: The 3% employee pay increase is on a standalone line at \$43M. You took a pretty hard line against a raise back in January. On the other hand, employee pension contributions will now rise under the reform bill, so the context may be a little different. 06	H03	Commission on Higher Education	IA: Conference Report is about \$1.5M over the Governor, mostly because we tried to unwind some pass-throughs, and because we cut the university centers by 20%. There will be a new CHE Chair and Executive Director shortly - I'd rather try to work with/through them than waste a veto on these peripheral issues. Vetoing \$161k for EPSCOR is a follow-through from last year, when the other EPSCOR line was sustained. IB: Conference Report follows most of the Governor's recommendations on CHE provisos. The recommendations that were disregarded mostly relate to our attempt to unwind some pass-throughs, and probably aren't worth fighting over here.	<u>IA: VETO \$161,314 for EPSCOR.</u> <u>IB: Sign.</u> <u>CRF: None.</u> <u>§90: VETO \$100k for University Center of Greenville Technology Upgrade and \$200k for SC Manufacturers Extension Partnership.</u>	(IA) VETO \$161,314 for EPSCOR (III. 01	H63	Department of Education	<p>IA: Big picture, the Conference Report is \$129M above your request. You recommended \$10M more for charters - they included \$5M. They're a total of \$44.1M above you on "Teacher Retention & Reward" in EIA...two standalone lines for "Teacher Salary Supplement" are the key components: \$38.6M recurring and \$10.1M NR.</p> <p>There are small increases for some of the EIA partnerships - the Conference Report didn't follow your request to eliminate funding for the Writing Improvement Network (\$183k) or the SC Geographic Alliance (\$156k), both of which received a 1.8 rating from the EOC.</p> <p>Gov proposed \$5.3M for Gov's School for Science and Math...Conference Report is \$3.1M higher: \$340k Classified, \$1.2M Unclassified, \$1.15M Other Op Exp, and \$439k Employer Contributions. Recommend you veto a line (Classified Positions at \$1.17M) to bring down overall growth rate. In First Steps, they're \$1.5M higher on CDEPP as a Special Item (veto inaccessible), and then there's also a \$2.5M standalone "Other Operating Expenses" CDEPP line later - these aren't new dollars, though - they're shifts out of other funding sources into the General Fund.</p> <p>IB: As an FYI, Superintendent Zais sent you a letter asking for 6 proviso vetoes - we only agreed with 3 of those requests, including the new P1.92 (Lee County</p>	<p><u>IA: VETO \$10.1M (NR) for EIA/Teacher Salary Supplement, \$182,761 for the EIA/Writing Improvement Network, \$155,869 for the EIA/SC Geographic Alliance, and \$1,173,826 for Governor's School for Science and Math-Classified Positions.</u> <u>IB: VETO P1.92, P1A.56, P1A.64, and P89.130.</u></p> <p>Let's confirm that P1A.56 is really on the chopping block - and what lines would be associated with this. 02	H66	Lottery Expenditure Account	<p>IA: The official estimate has changed since January, but the final values are fine.</p> <p>IB: There are a few veto candidates here, depending on how aggressive you want to be. There's over \$12 million for buses (on two lines), but there's a Dept of Ed proviso that allows for leasing instead, so that's not really objectionable. 20	H73	Department of Vocational Rehabilitation	IA: Conference Report is \$1.1M above Governor's recommendations - \$900k is in Employer Contributions, while the other \$200k is the net change in two other personnel lines (up \$600k one place, down \$400k in another). Only real opportunity to claw some of this back would be to veto the Commissioner's line at \$117,765. It's a 9.9% increase over your budget if you let it all stand. 04	H75	School for the Deaf & Blind	IA: There are a few line shifts that bring the agency total up by a few thousand. The only real decision points are whether or not to fund two non-recurring lines: \$2.1M for an Early Childhood Center and \$865k for Deferred Maintenance. You didn't include the ECC in your budget, but gave a portion of that deferred maintenance (although in the Capital Reserve Fund). IB: 2 new provisos are fine. Conference Report does not delete P4.12 (USC-Upstate Visual Impairment Master of Education Program) as requested, but this is more of an "accounting transparency" issue than a real substantive dispute.	<u>IA: VETO Early Childhood Center at \$2,135,000 (NR).</u> <u>IB: Sign.</u> Could veto P4.12 (USC-Upstate) on principle, but only really worth considering if you give USC Upstate the deferred maintenance money. <u>CRF: None.</u> <u>\$90: VETO \$1.5M for Robertson Hall Construction.</u>	SIGN.

29	H87	State Library	IA: Governor recommended level funding - Conference Report adds \$1M for grants to local libraries (vs. \$4.4M today). 31	H95	State Museum Commission	IA: As recommended by Governor. 22	J04	Department of Health & Environmental Control	IA: Conference Report allocates "Infectious Disease" funds a little differently, but gets to about the same total. It's \$800k above the Governor's budget for "Family Health-Access to Care"...the increase shows on the Classified Positions line. You could veto Unclassified Positions and/or Other Personal Services to clawback \$133k, \$160k, or both. There's a new \$100k line for "Sickle Cell Professional Education." The CON program (Facility and Service Development) is another \$411k. There's also a new \$1.8M NR line for Community Health Centers, which we should discuss with DHEC. IB: Conference Report honors several administration requests, but leaves in place the following provisos that we asked be deleted: P22.5 (Cancer/Hemophilia), P22.11 (Sickle Cell Blood Sample Analysis), P22.12 (Sickle Cell Programs), P22.13 (Genetic Programs), P22.26 (Head Lice), and P22.41 (Camp Burnt Gin). Most of these are earmarks for disease-specific programs. Worth discussing with DHEC to see which are worth vetoing, especially since some could be sustained. There's also a new \$1M (NR) deferred maintenance line. IB: Conference Report honors several administration requests, but leaves in place the following provisos that we asked be deleted: P23.6 (Huntingdon's Disease), P23.7 (Alzheimer's Funding), and P23.10 (Crisis Intervention Training). 66	R40	Department of Motor Vehicles	IA: As recommended by Governor. IB: P66.7 (Underutilized Offices) was amended, but not as recommended by Governor. It now requires that legislative delegations be notified before field office hours are reduced and also directs the agency to consider expanding hours in busier offices. Is the revised version better than nothing?	<u>IA: Sign.</u> <u>IB: Consider veto of P66.7. Probably Sign, though.</u> <u>CRF: None.</u> <u>§90: SIGN \$89k for Programming/Training for Implementation of S.1031 (Demolishers Bill).</u> I'd have this one marked as a veto, but I understand we told the Assembly we were OK with this one (?).	SIGN.

IB: P89.108 (Means Test) directs agencies providing healthcare services to impose means testing where permissible, and to report on this by 1/1/12 - veto candidate, since the reporting date has passed - but the means testing rule continues? P89.127 (Law Enforcement Special Salary Increase) gives Class 1 officers making less than \$50k another 2% raise. Zais asked for a veto of P89.130 (Open Market for Bus Contract Vendors), which gives parts vendors access to individual shops so that they can undermine statewide contracts.	<u>IA: None.</u> <u>IB: VETO P89.130 (See Section 1 / H63 / Dept of Ed)</u> Review P89.108 with HHS/DSS and consider P89.127. <u>CRF: None.</u> <u>§90: None.</u>	(IB) VETO P89.130 (Open Market for Bus Contract Vendors), per Department of Education recommendation. Otherwise, SIGN.
90	N/A	Statewide Revenue	IA: None. IB: P90.7 (E-Verify) requires state agencies to certify their participation in E-Verify before accepting ARRA funds - it is obsolete. Need to take a hard look at P90.19 (National Mortgage Settlement). P90.20 (Non-recurring Revenue) is the primary NR proviso this year.	<u>IA: None.</u> <u>IB: VETO P90.7.</u> Need to look at P90.19 still. <u>CRF: None.</u> <u>§90: See IB above.</u>	(IB) VETO P90.7 (E-Verify) and P90.19 (National Mortgage Settlement). P90.20 (Non-recurring Revenue) will have various items striken. Otherwise, SIGN.
