# Tea Party Group Endorses Lee Bright for U.S. Senate

Hello ,

Just how important is grassroots support for a campaign?

Grassroots activism is always a critical element of any race, but we would argue that a groundswell of support is absolutely essential to fight back against the DC establishment.

This is why we were proud to receive the first official endorsement from a South Carolina Tea Party group.

The Kershaw County Patriots offered their strong endorsement this week, stating that Lee Bright "has a proven record of no compromise of individual liberty. Senator Bright has been at the forefront of the battle to restore the individual rights of the people."

The Tea Party group vows they "will not be deterred, will not be afraid, and will not fail" in their mission to replace Lindsey Graham with Lee Bright.

This show of support is just the first in what we anticipate will be a long list of other Tea Party endorsements. Please see below to watch the video endorsement from the Kershaw County Patriots!

Thank you,

Team Bright
