Is this NEW, cool weather not a breath of fresh air? I hope you all have your state park plans made for this weeked, cause it's going to be an awesome one!

**Brenda F. Guillot** Especially at Hunting Island State Park! :)

**Little River Blueway** McCormick County 4-H help their Friday paddling event for the H2O camp at Baker Creek State Park this morning, and the weather could not have been better. Pictures posted at Little River Blueway. Several Bald Eagles were also out enjoying the cooler weather. One had already caught a fish for breakfast!

**Richard Hank Pickens** Days after rains are usually great times to visit waterfalls that usually don't have much waterflow. For a great guide to these waterfall trails, and all kinds of other trails in SC. I visit [sctrails.net](http://sctrails.net). Very helpful website for planning your next hike! Oh.... And there are a few waterfalls in our lovely state parks listed on the site too!

**Kathy Turner** At Hickory Knob this weekend. It was nice today. Good swimming in the pool, nice fishing weather and someone even has a campfire in the fire ring tonight.
