Marcia,

This is what infuriates me about FMCSA. This plan was submitted to them (meaning Mr. Curtis and his group) in March if not the first of April, so it could be submitted to Washington. Now we find out it has never been sent to Washington and we need to add additional information.

Am I crazy or there something wrong with this picture?

Please review and respond before the date. Let me see the plan before you respond. Phleisha, please track and make sure that we submit before the deadline.

Marcia

Ms. Adams,

Please see the correspondence with regard to SC DMV's action plan related to the 2005 CDL Program Review. We will follow-up with hard copies in a few days.

Thanks.
