I just called him to confirm. Yes he is looking for something full time, I let him know that we don't have anything full time right now but that we will keep his information. I also told him if he applies for something in state government to let us know. Apparently he and the lieutenant governor spoke in Hartsville and the LG told him to send in his information, so I figured the least we could do is if he applies for something else provide a generic letter.

We don't have anything for him, right? He needs a full time job?
