**Subject:** STOP THE PLEDGE

It appears that OUR SC GOP has put a requirement that candidates for Republican primary must sign a pledge that he/she will not run as a third party candidate should he/she lose the nomination. Options for Mr Trump are make the pledge or do not get on the primary ballot in South Carolina.

If we the people of South Carolina are not able to vote for the candidate of our choice, it shows just how much our great Country has changed! Please do not let this happen - DO NOT FORCE MR. TRUMP OR ANY CANDIDATE TO TAKE SUCH A PLEDGE!

- **Trump's said he wants to keep his options open - but they may be closing in; his campaign declined to comment on South Carolina's power play**
