For the update:

Christian and Marcia talked again today about how to get a majority of the Budget and Control Board members to agree to a common position on the use of the \$500,000 for consulting/advisory services and/or staff augmentation at SC State and were working on a new draft proposal (starting with Rep. White's office).

Late this afternoon, SC State submitted its own suggestions, which appear to have been prepared by or in association with Huron Consulting (see letter). There is some overlap between SC State's list and the one Christian and Marcia are preparing.
