Subject: Urgent press question re: Gov. Haley's letter to Sec. Moniz re: plutonium shipment

Good evening,

This is Yumi Araki, a reporter with the Washington D.C. bureau of The Yomiuri Shimbun, Japan's largest daily newspaper.

We are reporting on Japan's shipment of weapons-grade plutonium to South Carolina, and I was wondering if I could get a copy of Governor Haley's letter to DOE Secretary Ernest Moniz regarding this shipment. It was reported by [Reuters earlier](#), and we would like to include her concerns in our article.

Thank you, and please let me know if you have any questions!

Best,
Yumi
