## Notes:

1. While Trident Technical College/Palmer Campus has been tentatively recommended for funding at the level indicated, a determination of this institution's eligibility to submit an application as a branch campus of Trident Technical College is now pending before U.S. Office of Education officials. Should it be determined that Trident/Palmer is not eligible to submit a separate application, this recommendation will be rescinded.

2. Should it become necessary to rescind the recommendation for funding of Trident/Palmer, the recommended funding for Allen University would be increased from \$310 to \$7,801 and the recommended funding for Piedmont Technical College would be changed to \$2,095.
