

PUBLIC HEARING:

- a) An ordinance (06-09) to establish operating and capital budgets for the operation of the County Government of Abbeville County for the fiscal year commencing July 1, 2006. Mr. Jim Irwin of 625 Highway 20, Abbeville, stated that in his review of the budget no increase had been proposed. \$1.3 million of Infrastructure Development money being transferred into the General Fund would leave no funds available for county wide water. What would Council do then? The budget reflects a higher amount than reported on last year's budget. Accountability is not something Council understands. It took Council one (1) hour in the budget workshop to figure out where the money for the 4H and Veterans Affairs positions was going to come from. We have no trust in Council. Residents are in a financial bind! Council needs to wake up and cut the budget. Ms. Dorothy Sherard of P.O. Box 605, Calhoun Falls, spoke next. The County cannot continue to rob Peter to pay Paul. Stop injecting hidden agendas. Look at the property owners and think about the tax payers. Mr. Luther Bowman of 722 Bowman Road, Iva, spoke next and stated no budget increase, property taxes were high enough. Stop using water money; the people want the most out of their money. County Director Moulder was asked by Chairman Gunnells to explain the Infrastructure Development Fund transfer. County Director Moulder stated that the \$1.3 million was not being moved, but would remain in the fund. The millage was being moved to the General Fund only. Additionally the budget looked larger due to the fact that it now reflected all yearly payments made by the County (ex: local option sales tax rollback, law enforcement center bond and the cost of the Bixby trial). Hearing no further comment, Chairman Gunnells closed the public hearing.
