**Subject:** RE: EMD Alert - Marion County Flooding

---

The shelter is still open with a population of eight as of this morning. The ARC has a target of Monday for closing and will get disaster case (ARC and DSS) workers in tomorrow to assist. They may be able to coordinate housing earlier and will move them if they can. They don't want the residents to return because of debris that washed into homes.

**Subject:** EMD Alert - Marion County Flooding

Overnight, significant rain fell in the county, necessitating the closure of many roads. Police and Fire department personnel conducted water rescues.

A shelter has been established at Gapway Baptist Church in Mullins that is managed/staffed by ARC responders. At last report, the shelter has a total of 5 residents.

No state assistance requested.
