I'm a life long visitor of Little Pee Dee. Glad to see the dam and spillway repaired, and to have the cabin here! However, the road into the park is in very poor condition. Are there any plans in place for repairs or resurfacing?

Thank you for your concern and for supporting state parks. The road was damaged during the repairs of the dam/spillway due to machinery and trucks loaded with materials. We have been investigating avenues for having the road repaired and are working towards a solution.
