Subject: Phone Interview

Hi!

I write national security articles for American Thinker and Military Press Magazine. I would like to interview Governor Haley for an article highlighting her.

I have interviewed many national security officials in the past including Lt. Gen Michael Flynn, Michael Hayden, VP Cheney, Lindsey Graham, and many other Congressmen/women and Senators.

I was wondering if we can set something up between now and Mid-December.

The article would be on her opinion of where we should take national security, what she sees as her role as UN Ambassador, what she sees as the important issues of the day...

Thank you and I hope to hear from you soon.

Happy Thanksgiving,
Elise Cooper
