---

Thank you...please hold that date and time. I am checking with the family now to confirm.

Thanks,  
Kenny

The Governor would be happy to meet with David and his family on Wednesday, February 24, 2016 at 2:30 PM in the Governor's Office.

Will this date and time work?

Thanks, KV

Katherine....I mentioned to you and Tim a while back about bringing David Cook to the State House to be recognized by both the House and the Governor. He is a 29 year old with Downs Syndrome that was recently inducted into the Airport High School Athletic Hall of Fame. His parents are Andy & Kathi Cook who own Sun Printing. I think Tim knows their other son Jacob, who works for Sun Printing. Is there a day, some time in either February or March when the House is in session, that the Governor can meet with David and his family for a few minutes so that we recognize him in the House and he can also meet with the Governor?
