**Subject:** FW: Disaster Recovery Centers - Marion Dillon

Can y'all get in touch with her?

Centers have not been opened in Marion and Dillon yet but we will send out a release like the Orangeburg release when FEMA opens new centers.

Chaney,

I work for Senator Kent Williams. I saw the latest update: Disaster Recovery Centers Open In Orangeburg County To Help Hurricane Matthew Survivors, which included the details of the centers open in Orangeburg. We are trying to keep folks updated in Marion and Dillon and have shared the 800 number and website, I was wondering if you had the details for similar centers in Marion and Dillon Counties.

If you could, please forward to me!

Best,

Debbie Barthe
